

Grinch

TIME: 60 min

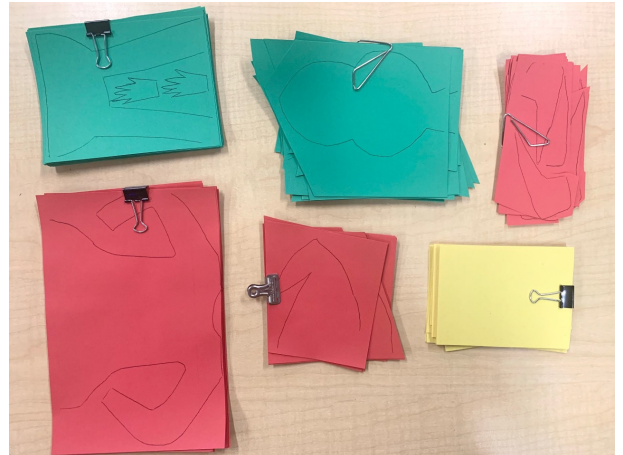

MATERIALS

- Scissors
- Glue
- Cotton balls
- Yellow paper
- Sharpie
- Pre-printed body pieces on green and red paper
- If students will be doing it all themselves, either freehand or with stencils, you will also need: Green and red paper, stencils (make out of card stock or thin cardboard)

STEPS

- Cut out all the body pieces
- To assemble, start top to bottom.
 - Put hat on the head
 - Tuck the hat behind the neck of the shirt
 - Attach the hands on the ends of the sleeves
 - Tuck the lower body behind the shirt
 - Attach shoes to the end of the legs
- Cut out 2 yellow eyes and add to head.
- Add facial details using a Sharpie.
- Pull apart the cotton balls. Don't put whole cotton balls on, it will be way too heavy. Put a bit of glue anywhere you want cotton, then press on. Make sure students don't try to put glue on the cotton, it doesn't work and just makes a mess of your glue stick. I suggest putting cotton on the brim and tip of the hat, on the collar and bottom of the shirt and the top of the shoe.
